

aTyr Pharma to Present at November Investor Conferences

November 1, 2023

SAN DIEGO, Nov. 01, 2023 (GLOBE NEWSWIRE) -- aTyr Pharma, Inc. (Nasdaq: LIFE), a clinical stage biotechnology company engaged in the discovery and development of first-in-class medicines from its proprietary tRNA synthetase platform, today announced that Sanjay S. Shukla, M.D., M.S., President and Chief Executive Officer, will present at two upcoming investor conferences scheduled to take place in November 2023.

Details of the presentations appear below:

Conference: Jefferies London Healthcare Conference

Date: Wednesday, November 15, 2023

Time: 3:30pm GMT

Location: London, UK

Format: Corporate Presentation

Conference: Piper Sandler 35th Annual Healthcare Conference

Date: Thursday, November 30, 2023

Time: 12:00pm EST

Location: New York, NY

Format: Fireside Chat

In addition to the presentations, company management will be available to participate in one-on-one meetings with investors who are registered attendees of the conferences. A webcast of each event will be available on the Investor's section of the company's website at www.atyrpharma.com. Following the events, a replay of the presentations will be available on the aTyr website for at least 90 days.

About aTyr

aTyr is a clinical stage biotechnology company leveraging evolutionary intelligence to translate tRNA synthetase biology into new therapies for fibrosis and inflammation. tRNA synthetases are ancient, essential proteins that have evolved novel domains that regulate diverse pathways extracellularly in humans. aTyr's discovery platform is focused on unlocking hidden therapeutic intervention points by uncovering signaling pathways driven by its proprietary library of domains derived from all 20 tRNA synthetases. aTyr's lead therapeutic candidate is efzofitmod, a first-in-class biologic immunomodulator in clinical development for the treatment of interstitial lung disease, a group of immune-mediated disorders that can cause inflammation and progressive fibrosis, or scarring, of the lungs.
